

Automotive Aerospace CNC Machined Parts Plating Painting

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Certification: 1
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Delivery Method: DHL, FedEx, UPS, Etc.
- MOQ: 1 Piece
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- OEM/ODM: Acceptable
- Tolerance: $\pm 0.01\text{mm}$
- Application: Automotive, Aerospace, Medical, Etc.
- Lead Time: 7-15 Days
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Highlight: **Painting CNC Machined Parts,**
Aerospace CNC Machined Parts

Product Description

Product Description:

CNC Machined Parts are components produced through Computerized Numerical Control (CNC) machining, a manufacturing method that uses computers and specialized software to control the movement of tools and machinery. It is a highly precise process that allows for the production of complex and intricate parts, making CNC machined parts suitable for a wide range of industries, including aerospace, automotive, and medical. Our CNC machined parts are produced using Computerized Aided Manufacturing (CAM) technology, and are subject to stringent quality control to ensure accuracy and reliability. We offer processing methods such as CNC machining, turning, and milling, with a tolerance of $\pm 0.01\text{mm}$. We accept OEM/ODM orders and accept drawing formats such as PDF, DWG, IGS, and STEP. All parts are inspected 100% before shipment to guarantee quality.

Features:

Product Name: CNC Machined Parts
Drawing Format: PDF, DWG, IGS, STEP, Etc.
OEM/ODM: Acceptable
Size: Customized
Delivery Method: DHL, FedEx, UPS, Etc.
MOQ: 1 Piece
Precision machined parts
Computer-Numerically-Controlled parts
Precision machined parts

Technical Parameters:

Parameter	Value
Quality Control	100% Inspection Before Shipment
Processing Method	CNC Machining, Turning, Milling, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Delivery Method	DHL, FedEx, UPS, Etc.
Material	Aluminum, Steel, Brass, Etc.
Tolerance	$\pm 0.01\text{mm}$
Size	Customized
Packaging	Standard Export Carton Or Customized
Lead Time	7-15 Days
MOQ	1 Piece
Keywords	Computer-aided Machining Parts, Computer-controlled Machining Parts, CNC-machined Components, CNC Machining Technology

Applications:

CNC Machined Parts, produced by Yuanwenyu, are widely used in many industries. With model numbers 1X893 and OEM, these parts are high-precision and designed for maximum durability. They are available in a variety of different sizes and can be customized to meet specific customer requirements. These parts are perfect for applications that require high precision and fine detailing. They can also be used in a variety of industries, such as automotive, aerospace, medical, and industrial. The parts are made with strict quality control of 100% inspection before shipment and are available with a variety of surface treatments, including anodizing, plating, painting, etc. The CNC Machined Parts from Yuanwenyu offer fast lead times of 7-15 days and a minimum order quantity of only 1 piece. They are competitively priced, with prices ranging from \$2.35 to \$12.68 per piece. The parts are shipped with standard export carton or customized packaging, including EPE foam, anti-rust paper, stretch film, and plastic bags. Yuanwenyu also offers a wide range of certifications and supply abilities, up to 1000000 pieces per month. CNC Machined Parts from Yuanwenyu are well-known for their quality, reliability, and affordability. They are perfect for a variety of applications, including high-precision machining, computer-numerically-controlled machining, and computerized numerical cutting parts.

With their superior quality and competitive prices, these parts are sure to meet the needs of any customer.

Customization:

Customized CNC Machined Parts

We provide custom CNC machined parts with precision, accuracy, and quality. We specialize in computer-aided machining parts, CNC-machined components, and CNC machined parts for precision machining. Our parts are used in the automotive, aerospace, medical, and other industries.

Brand Name: yuanwenyu

Model Number: 1X893, OEM

Place of Origin: Guangdong, China

Certification: 1

Minimum Order Quantity: 50 pieces

Price: \$2.35 - \$12.68/pieces

Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton

Delivery Time: 1

Payment Terms: 1

Supply Ability: 1000000 Piece/Pieces per Month

Quality Control: 100% Inspection Before Shipment

Application: Automotive, Aerospace, Medical, Etc.

OEM/ODM: Acceptable

Surface Treatment: Anodizing, Plating, Painting, Etc.

Processing Method: CNC Machining, Turning, Milling, Etc.

Support and Services:

Technical Support and Service for CNC Machined Parts

We are dedicated to providing the highest quality technical support and service for CNC Machined Parts. We strive to provide our customers with the best possible experience and ensure their success.

We provide extensive technical support for CNC Machined Parts, including design, prototyping, and production.

Our experienced staff is available to answer any questions and guide customers through the process.

We use the latest technologies and materials to ensure the highest standards of quality.

We can provide custom solutions to meet your specific needs.

We offer competitive pricing and fast turnaround times.

Packing and Shipping:

Packaging and Shipping of CNC Machined Parts

CNC machined parts are securely packed with foam and cardboard boxes, and shipped in protective packaging to ensure that the parts will not be damaged during transportation. We will choose the most suitable shipping method based on the size of the parts and the customer's delivery requirements.

FAQ:

Q1: What is CNC Machined Parts?

A1: CNC Machined Parts are precision components made from a variety of materials, including metals, plastics, and composites. They are made using computer numerical control (CNC) machining processes to achieve precise and consistent results.

Q2: What is the brand name of CNC Machined Parts?

A2: The brand name of CNC Machined Parts is yuanwenyu.

Q3: What is the model number of CNC Machined Parts?

A3: The model number of CNC Machined Parts is 1X893, OEM.

Q4: What is the minimum order quantity of CNC Machined Parts?

A4: The minimum order quantity of CNC Machined Parts is 50 pieces.

Q5: What is the price range of CNC Machined Parts?

A5: The price range of CNC Machined Parts is \$2.35 - \$12.68/pieces.
