

Numerically Controlled Custom Cnc Machining Service Customized High Precision

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Tolerance: $\pm 0.01\text{mm}$
- Equipment: CNC Milling Machine
- Coating: Powder Coating, Zinc Plating, Etc.
- Service: OEM/ODM
- Lead Time: 7-15 Days
- Surface Finish: Polishing, Anodizing, Plating, Etc.
- Application: Industrial, Automotive, Etc.
- Packaging: Carton, Wooden Case, Etc.
- Highlight: **Numerically Controlled Custom Cnc Machining Service**
, High Precision Custom Cnc Machining Service

Product Description

Product Description:

CNC Milling Parts are computer aided manufacturing parts produced through Computer Numerical Control (CNC) machining, a process of cutting and drilling metal parts with tools driven by computer numerical codes. They are available in a variety of sizes and shapes to meet customized requirements, with high precision and outstanding surface finish achieved through polishing, anodizing, plating, etc. In addition, the packaging of CNC Milling Parts can be done in carton and wooden cases to ensure safe delivery. The lead time for CNC Milling Parts is usually 7-15 days.

Features:

Product Name: CNC Milling Parts
Computer Numerical Control Machining Parts
Numerically Controlled Milling Parts
Coating: Powder Coating, Zinc Plating, Etc.
Precision: High Precision
Lead Time: 7-15 Days
Size: Customized
Service: OEM/ODM

Technical Parameters:

Parameter	Details
Tolerance	±0.01mm
Precision	High Precision
Size	Customized
Coating	Powder Coating, Zinc Plating, Etc.
Packaging	Carton, Wooden Case, Etc.
Service	OEM/ODM
Material	Aluminum, Steel, Stainless Steel, Etc.
Surface Finish	Polishing, Anodizing, Plating, Etc.
Application	Industrial, Automotive, Etc.
Equipment	Computer Programmed Machining Parts, Numerically Controlled Milling Parts, Numerically Controlled Milling Parts

Applications:

CNC Milling Parts, also known as Computer Numerical Control Machining Parts or Computer Aided Manufacturing Parts, are precision parts produced with the help of computer-controlled machines. Ywy's cnc101 CNC Milling Parts are produced with high precision and tolerance of ±0.01mm. Powder Coating, Zinc Plating and other coating services are offered to meet customer's requirements. Production lead time is 7-15 days. Ywy provides OEM/ODM services to meet your individual needs. The origin of these CNC Milling Parts is Guangdong, Huizhou, China. With Ywy CNC Milling Parts, you can enjoy the advantages of high precision, fast delivery and quality services.

Customization:

Customized CNC Milling Parts
Brand Name: ywy
Model Number: cnc101
Place of Origin: Guangdong,Huizhou
Processing Method: Computer Numerical Control (CNC) Milling
Material: Aluminum, Steel, Stainless Steel, etc.
Application: Industrial, Automotive, etc.
Size: Customized
Surface Finish: Polishing, Anodizing, Plating, etc.
We specialize in manufacturing of custom Computer Numerical Control (CNC) machining parts, Computer Aided Machining parts, and

Support and Services:

Technical Support and Service for CNC Milling Parts

We provide technical support and service to guarantee the quality and performance of CNC Milling Parts. Our technical support and service includes:

- Troubleshooting and problem solving
- Installation and maintenance instructions
- Software updates
- Technical consultation
- Parts replacements
- Product warranties

We are committed to providing the highest quality technical support and service to ensure that our customers are satisfied with our products.
