

Wire Cutting Injection Molding Services 1500 X 1200mm

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Mold Base: LKM, HASCO, DME, Etc.
- Software: UG, Pro/E, SolidWorks, Etc.
- Equipment: CNC, EDM, Wire-Cutting, Etc.
- Size: Max. Mold Size: 1500 X 1200mm
- Material: ABS, PC, PP, PA, POM, Etc.
- Process: Injection Molding, Overmolding, Insert Molding, Etc.
- Surface Finish: Polishing, Texturing, Painting, Etc.
- Mold Life: 500,000-1,000,000 Shots
- Highlight: Wire Cutting Injection Molding Services, ABS Injection Molding Services

Product Description

Product Description:

Injection Molding Services provides high-quality plastic injection molding services for a variety of industries. Our injection molding services range from small parts to large, complex parts. We have state-of-the-art equipment and experienced mold makers who can produce precision molds for a wide variety of applications. Our Max. Mold Size is 1500X1200mm, and our Max. Mold Weight is 10,000kg. We can achieve a Mold Life of 500,000-1,000,000 shots. We offer a range of surface finishes including polishing, texturing, painting, etc. We accept multiple mold base standards such as LKM, HASCO and DME. With our experienced team and advanced injection molding machines, we can provide cost-effective, high-quality plastic injection molding services for customers around the world. Our Injection Molding Services are the perfect choice for your plastic injection molding needs.

Features:

Plastic Injection Molding: CNC, EDM, Wire-Cutting, Etc.

Process Injection Molding: Single Or Multi-Cavity with $\pm 0.05\text{mm}$ Tolerance

Injection Plastic Molding: 3-4 Weeks Lead Time with UG, Pro/E, SolidWorks, Etc.

Technical Parameters:

Property	Description
Software	UG, Pro/E, SolidWorks, Etc.
Lead Time	3-4 Weeks
Cavity	Single Or Multi-Cavity
Mold Base	LKM, HASCO, DME, Etc.
Size	Max. Mold Size: 1500 X 1200mm
Process	Injection Molding, Overmolding, Insert Molding, Etc.
Tolerance	$\pm 0.05\text{mm}$
Material	ABS, PC, PP, PA, POM, Etc.
Surface Finish	Polishing, Texturing, Painting, Etc.
Service Type	Injection Molding Services

Applications:

YWY injection plastic molding services provide a one-stop solution for customers who are looking for an efficient, cost-effective solution for their plastic molding needs. Our injection molding services feature state-of-the-art technology and advanced techniques, including injection molding, overmolding, insert molding, and more. We use the highest quality materials, such as ABS, PC, PP, PA, and POM, and our mold bases include LKM, HASCO, DME, and other popular brands. Our services are designed to provide customers with reliable, long-lasting results that will stand the test of time. Our lead time is 3-4 weeks and our mold life ranges from 500,000 to 1,000,000 shots. Our injection plastic molding services are designed to meet the needs of businesses of all sizes. From small product runs to large-scale projects, we offer the expertise and resources to get the job done quickly and efficiently. We specialize in plastic molding, and our experienced team of engineers and technicians are dedicated to providing customers with the best possible products and services. Our comprehensive services include design, prototyping, tooling, production, and post-production support. With our commitment to quality and customer satisfaction, YWY injection plastic molding services is the perfect choice for your project.

Customization:

Injection Molding Services

Brand Name: ywy

Model Number: ywy333

Place of Origin: guangdonghuizhou

Cavity: Single Or Multi-Cavity

Tolerance: $\pm 0.05\text{mm}$

Service Type: Injection Molding Services

Software: UG, Pro/E, SolidWorks, Etc.

Mold Base: LKM, HASCO, DME, Etc.

Support and Services:

Injection Molding Services Technical Support and Services

We offer technical support and services for our injection molding services. Our team of experienced professionals are able to provide the following services to ensure the best results:

Design Analysis & Optimization

Mold Design & Engineering

Mold Flow Analysis

Mold Manufacturing

Mold Repair & Maintenance

Process Troubleshooting & Optimization

Material Selection & Testing

Part Design & Engineering

Part Molding & Assembly

Part Quality Assurance

Our technical support and services can help you maximize the efficiency and cost-effectiveness of your injection molding process.
