

Precision Aluminum And Stainless Steel CNC Machined Milling Parts With Precision Production

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc101

Product Specification

- Equipment: CNC Milling Machine
- Application: Industrial, Automotive, Etc.
- Material: Aluminum, Steel, Stainless Steel, Etc.
- Precision: High Precision
- Processing Method: CNC Milling
- Tolerance: $\pm 0.01\text{mm}$
- Packaging: Carton, Wooden Case, Etc.
- Lead Time: 7-15 Days
- Highlight: **Precision CNC Machined Aluminum Parts,
Stainless Steel CNC Machined Milling Parts,
Aluminum CNC Machined Milling Parts**

Product Description

Product Description:

At our company, we pride ourselves on our ability to offer exceptional OEM/ODM services to our customers. We understand that every project is unique, and we work closely with our clients to ensure that their specific needs are met. From custom sizes to precise tolerances of $\pm 0.01\text{mm}$, we have the capabilities to create the perfect CNC milling parts for your project.

Our CNC milling parts are perfect for a wide range of applications, including aerospace, automotive, medical, and more. We understand that precision is key in these industries, which is why we use only the highest quality materials and equipment to create our parts.

Our team of experienced professionals is dedicated to providing the highest level of customer service possible. We take pride in our ability to communicate effectively with our clients, ensuring that their needs are met every step of the way.

So whether you need computer aided machining parts for a small project or a large-scale production run, you can trust our CNC milling parts to deliver the precision and quality you need.

Features:

Product Name: CNC Milling Parts

Application: Industrial, Automotive, Etc.

Size: Customized

Tolerance: $\pm 0.01\text{mm}$

Lead Time: 7-15 Days

Service: OEM/ODM

Features: High-Precision Machined Parts, Computer Numerical Control Milling Parts, Computer Aided Manufacturing Parts

Technical Parameters:

Equipment	CNC Milling Machine
Service	OEM/ODM
Size	Customized
Coating	Powder Coating, Zinc Plating, Etc.
Lead Time	7-15 Days
Tolerance	$\pm 0.01\text{mm}$
Precision	High Precision
Application	Industrial, Automotive, Etc.
Packaging	Carton, Wooden Case, Etc.
Material	Aluminum, Steel, Stainless Steel, Etc.

Applications:

The CNC Milling Parts from ywy are manufactured to have a tolerance of $\pm 0.01\text{mm}$, which ensures that the products are consistent in its dimensions and quality. The parts are finished using various surface finish techniques like polishing, anodizing, plating, etc. to give them a uniform look and protect them from corrosion.

The CNC Milling Parts from ywy find application in various scenarios. In the industrial sector, these parts are used in the manufacturing of machinery, equipment, and tools. The high-precision machined parts are designed to meet the rigors of the industrial sector and are durable and long-lasting. In the automotive sector, these parts are used in the manufacturing of cars, trucks, and other vehicles. The CNC Milling Parts are used in the engine, transmission, and other critical components of the vehicle.

The ywy CNC Milling Parts have a lead time of 7 to 15 days, which ensures that the customers receive high-quality products within a short period. The CNC Milling Parts are customized to meet the specific requirements of the customers, and the manufacturers work closely with the customers to ensure that the products meet their needs.

Customization:

Support and Services:

Our CNC Milling Parts product is backed by our expert technical support and services team. We offer:

24/7 technical support via phone and email

On-site installation and training

Regular maintenance and repair services

Customized solutions to fit your specific needs

Continuous improvement recommendations to optimize your operation

We are committed to ensuring your CNC Milling Parts operate at peak performance and efficiency. Contact us for more information.

FAQ:

Q: What is the brand name of this CNC milling part?

A: The brand name of this CNC milling part is ywy.

Q: What is the model number of this CNC milling part?

A: The model number of this CNC milling part is cnc101.

Q: Where is this CNC milling part manufactured?

A: This CNC milling part is manufactured in guangdonghuizhou.

Q: What materials are used to make this CNC milling part?

A: This CNC milling part is made from high-quality materials such as aluminum, brass, and steel.

Q: Can this CNC milling part be customized?

A: Yes, this CNC milling part can be customized according to your specific requirements.
