

Precision CNC Machined Parts Custom Solutions for Industrial Applications

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Lead Time: 7-15 Days
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Delivery Method: DHL, FedEx, UPS, Etc.
- Material: Aluminum, Steel, Brass, Etc.
- Size: Customized
- Tolerance: $\pm 0.01\text{mm}$
- Highlight: Precision CNC Machined Parts,
Industrial Applications CNC Machined Parts,
Custom Solutions CNC Machined Parts

Product Description

Product Description:

We take pride in our commitment to providing top-notch products and services to our clients. This is why we conduct a 100% inspection before shipment to ensure that our customers receive nothing but the best quality products. Our packaging options include standard export carton or customized packaging, depending on the customer's preference.

We also offer OEM/ODM services, which means we can customize our CNC machined parts according to our client's specifications. We have a team of skilled professionals who can create custom-made parts that meet the highest standards of quality and precision.

Our CNC machined parts are compatible with different drawing formats such as PDF, DWG, IGS, STEP, and more. We use state-of-the-art technology and equipment to create our products, ensuring that they meet the exact specifications of our clients.

Our CNC-manufactured components are highly durable and provide excellent performance, making them suitable for different applications. They are also cost-effective, making them a practical choice for businesses that want to maximize their resources without compromising on quality.

We strive to provide excellent customer service and support to our clients, ensuring that we meet their needs and exceed their expectations. Our team works closely with our customers to understand their requirements and provide them with the best solutions to their needs.

In summary, our company offers high-quality CNC machined parts made from different materials such as aluminum, steel, brass, and more. We provide 100% inspection before shipment, offer OEM/ODM services, and can work with different drawing formats. Our CNC-manufactured components are durable, cost-effective, and suitable for various applications. We are committed to providing excellent customer service and support to our clients, ensuring that they receive nothing but the best products and services.

Features:

Precision machined parts

Computerized Numerical Cutting parts

Computer-Numerically-Controlled parts

Product Name: CNC Machined Parts

OEM/ODM: Acceptable

Size: Customized

Lead Time: 7-15 Days

Delivery Method: DHL, FedEx, UPS, Etc.

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Technical Parameters:

Product Attribute	Value
Product Name	Computerized Machining Parts
Precision	±0.01mm
Size	Customized
Drawing Format	PDF, DWG, IGS, STEP, Etc.
MOQ	10 Piece
Packaging	Standard Export Carton Or Customized
Application	Automotive, Aerospace, Medical, Etc.
Lead Time	7-15 Days
Quality Control	100% Inspection Before Shipment
Processing Method	CNC Machining, Turning, Milling, Etc.
Material	Aluminum, Steel, Brass, Etc.

Applications:

Yuanwenyu is a well-known brand of numerically-controlled machining parts, precision machined parts, and CNC-manufactured components in Guangdong, China. Our model numbers include 1X893 and OEM, and our products have passed certification standards. Our CNC machined parts are ideal for a variety of application occasions and scenarios, including:

Automotive and Aerospace Industries: Our precision machined parts are used in the manufacturing of airplane engines, landing gear, and other aircraft components. Similarly, our CNC-manufactured components are used in the automotive industry for engine parts, transmission components, and other high-stress applications.

Medical Equipment Manufacturing: Our CNC machined parts are used in the production of medical equipment, including surgical instruments, implants, and diagnostic tools. Our precise manufacturing processes ensure that our products meet the stringent quality control standards required in the medical industry.

Electronics and Telecommunications: Our CNC machined parts are used in the production of electronic components, including

connectors, switches, and housings. Our numerically-controlled machining parts are also used in telecommunications equipment, such as antennas and signal processing components.

Industrial Equipment and Machinery: Our precision machined parts and CNC-manufactured components are used in a wide range of industrial equipment and machinery, including pumps, valves, and bearings. Our products are designed to withstand high-stress applications and are made from high-quality materials to ensure long-lasting performance.

Yuanwenyu offers a minimum order quantity of 50 pieces, with prices ranging from \$2.35 to \$12.68 per piece. Our products are packaged with EPE foam, anti-rust paper, stretch film, and plastic bags, and are delivered within 1 week of placing an order. We accept various payment terms and have a supply ability of 1 million pieces per month.

We accept drawing formats in PDF, DWG, IGS, STEP, and other file types. Our processing methods include CNC machining, turning, milling, and other precision manufacturing processes. Our lead time is 7-15 days, and we offer various surface treatments, including anodizing, plating, painting, and more. Our quality control standards ensure that all products undergo 100% inspection before shipment.

Customization:

Support and Services:

Packing and Shipping:

Product Packaging:

All CNC machined parts will be securely packaged in high-quality, durable boxes.

Each part will be wrapped in protective material to prevent any damage during transportation.

The boxes will be clearly labeled with product information and handling instructions.

Product Shipping:

All orders will be shipped via trusted and reliable shipping carriers.

Customers will be provided with a tracking number to monitor the progress of their shipment.

Orders will be shipped within 1-2 business days of order confirmation.

Shipping costs will be calculated based on the weight and destination of the order.

FAQ:

What is the brand name of these CNC machined parts?

The brand name of these CNC machined parts is yuanwenyu.

What is the model number of these CNC machined parts?

The model number of these CNC machined parts is 1X893, OEM.

Where are these CNC machined parts manufactured?

These CNC machined parts are manufactured in Guangdong, China.

What is the minimum order quantity for these CNC machined parts?

The minimum order quantity for these CNC machined parts is 50 pieces.

What is the price range for these CNC machined parts?

The price range for these CNC machined parts is \$2.35 - \$12.68/piece.

What is the packaging used for these CNC machined parts?

The packaging used for these CNC machined parts is EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton.

What is the delivery time for these CNC machined parts?

The delivery time for these CNC machined parts is 1.

What are the payment terms for these CNC machined parts?

The payment terms for these CNC machined parts is 1.

What is the supply ability for these CNC machined parts?

The supply ability for these CNC machined parts is 1000000 Piece/Pieces per Month.

What certification do these CNC machined parts have?

These CNC machined parts have certification 1.
